Re: Reply to the Responses to Hearing Requests of the Executive Director and
the Office of Public Interest Counsel
TCEQ Docket No. 2010-0107-MWD (446-13)

Dear Ms. Castañuela:

The North Texas Municipal Water District (the "District") hereby submits this, its *Reply to the Responses to Hearing Requests of the Executive Director and the Office of Public Interest Counsel*, and in support of the recommendations made by the Executive Director (the "ED") of the Texas Commission on Environmental Quality ("TCEQ" or the "Commission") and the Office of Public Interest Counsel ("OPIC") of the Commission to grant the District's request for contested case hearing filed with the Commission, in TCEQ Docket No. 2010-0107-MWD.

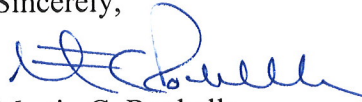

The District appreciates the time and efforts of the ED and OPIC in their review of the District's comments and request for hearing regarding the application by Wylie Northeast Special Utility District ("Wylie NE SUD") for proposed TPDES Permit No. WQ0014935001. The District concurs with the determination of both the ED and OPIC that the District's hearing request substantially complies with the requirements of Title 30, Sections 55.201, 55.203, 55.211 and 50.115 of the Texas Administrative Code, and more specifically that the District is an "affected person" pursuant to the Commission's rules, that the issues raised by the District in its hearing request are referable to the State Office of Administrative Hearings for a contested case hearing, and that the District's hearing request should be granted.

The District looks forward to working with the ED, OPIC, and the applicant, Wylie NE SUD, to resolve this matter. If no resolution is forthcoming, the District will seek to resolve this matter through a contested case hearing. The District therefore respectfully requests that the Commissioners of the Texas Commission on Environmental Quality grant the District's request for contested case hearing relating to proposed TPDES Permit No. WQ0014935001.

Ms. LaDonna Castañuela
